Web Designer & Developer

I'm a web designer & developer currently living in Chicago. I have designed websites utilizing Photoshop, and developed by using XHTML, CSS, and jQuery. I have a basic knowledge of JavaScript and thrive to learn more everyday.

WHAT I WORK WITH

Adobe Creative Suite CS5 Photoshop, Illustrator, InDesign
Microsoft Office 2011 Word, Excel, Access, Powerpoint
Web Development XHTML, CSS, jQuery, Basic Javascript
Platform Proficient with Mac or PC

WORK EXPERIENCE

ZBx Technology // Holland, MI // zbxtech.com

Web Designer

December 2006 – May 2011

I designed websites for various clients, working closely with them to understand what they wanted to achieve with their website

- » Met with clients to determine needs to company sites
- » Created website layouts and graphics using Photoshop CS4 and Illustrator CS4
- » Coded websites using XHTML and CSS
- » Performed cross-browser testing using Internet Explorer 8, Firefox, Chrome and Safari
- » Performed validation of all HTML code using W3C Validation Markup Service
- » Provided post-design follow up for clients

Wealthy Theatre // Grand Rapids, MI // grcmc.org

Marketing & Promotions Intern

January 2011 – April 2011

Utilized Facebook and Twitter to connect to current and potential fans of the theatre

Blogged about events happening at the theatre, blogs were compiled into a newsletter that was sent out
